Dist. Offices: Las Vegas, 702-388-6605; Reno, 775-686-5770; Carson City, 775-885-9111

The above two federal senators have taken the lead in declaring the Health Care legislation as unconstitutional! (See attached) I will be doing another flyer later, on the reasons it is unconstitutional (several reasons exist) but for now, take hope in the fact that these two senators are leading the charge. The legislation will go next to a Joint Conference Committee to reconcile the differences in each version passed by each house. No doubt the members of the J.C.C will rush this Health Care bill through as fast as possible. Then it will go back again to each (the House and the Senate) for the last and final vote. What we need is to push for an Injunction against this legislation, but an Injunction has to be filed after a bill meets its final version and passage. So keep watch for the final vote coming through both Houses. Meanwhile, urge Senator Jim DeMint and Senator John Ensign to file an Injunction at the first possible moment thereafter with the help of proven Constitutional attorneys and with as many states coming in to give support. If we fail to stop this Health Care bill on Constitutional grounds, we stand in danger of losing more to these same seditious and treasonous people who intend that gun ownership, private land ownership and states "GO" next!
